Web Page Instruction Sheet

The first step is to go to http://ecesd.engr.uconn.edu/ecesd19XX/wp-admin/ (where 19XX is replaced with your team number). You will be asked to put in your netid and password.

You will then be presented with the Wordress dashboard where you can manage the website. It is pretty straightforward. You can start by clicking on the pages link on the left menu. You can edit the sample page and create new pages from here using the “Add Page” selection. Editing pages is just like using Word. Links can be inserted by using the chain button.

Any content that goes on the website must be cleared by your sponsors to make sure there is no proprietary questions

Contact Fengyu Qian (fengyu.qian@uconn.edu) if you have any questions about the Wordpress interface.

Keep your team web page up to date.
